3. **Stage**
  - Pre-revenue, Working VR prototype (locomotion + interaction) , Pipelines established, GDD and Vertical slice in progress
4. **Problem**
  - Culture and history are largely passive and fragmented for modern audiences; few products balance entertainment, authenticity, and educational depth at scale.
5. **Solution / USP**
  - Scalable cultural IP across **VR + game**
  - High-fidelity environments based on real history and art
  - VR as a **contained first product** for validation and early monetization
  - Strong documentation, pipeline discipline, and IP defensibility aligned with WIPO standards
6. **Market (Indicative)**
  - **TAM:** Games, XR, EdTech, Digital Wellbeing ~\$477B+
  - **SAM:** Narrative/action games, VR, EdTech, Digital Wellbeing ~\$193B+
  - **SOM:** 0.1-0.25% of SAM (3-10 yrs) ~\$193M -\$482M **IP potential**
7. **Traction & Validation**
  - Playable VR prototype with interaction
  - Arles environments (*Bedroom, Night Café*) showcased publicly
  - Core architecture, Team and character, Asset pipelines live
  - Licensed assets from leading art institutions, Individuals (e.g., AI Chicago)
  - Ongoing advisory and exploratory discussions with global cultural bodies under WIPO standards
8. **Ask**
  - Seeking LKR 5 million in short-term, milestone-based venture debt to complete a playable VR vertical slice, reduce execution risk, and bridge into the ongoing seed round.
